Sogeti Delivers Efficiently and Cost-Effectively

At a time when consumer spending is at an all-time low, the demand for adaptability and responsiveness in the manufacturing and retail world has never been greater. What's the best way to weather the current economic climate? **Increase your competitive advantage and market share by delivering high-quality products at the lowest possible cost.**

We can help you do that. Sogeti has worked with the world's largest and most well-known manufacturers and retailers, so we're fully equipped to provide you with the end-to-end software solutions you need to stretch your IT budget, accelerate your time-to-market and produce the quick ROI imperative during tough economic times.

Here's how Sogeti stands out from other IT providers:

- > **Fast, Flexible Solutions.** Leveraging Sogeti's best practices allows you to implement cost-effective, sophisticated solutions in a surprisingly short amount of time – increasing operational efficiencies, eliminating unnecessary processes and achieving seamless interoperation across all environments.
- > **Effective Supply Chain Management.** We attend to every detail and help manage your costs at every stage – from production through distribution. This means you can free your staff to focus on your core business and growing your profits.
- > **Industry-Leading Partnerships.** In touch with cutting-edge technologies, our shared commitments with IBM, Microsoft, HP, Oracle, GE Fanuc, Prophecy, Siemens, Dassault and others give us access to the latest product developments and training – which in turn are passed on to you.
- > **The Service and Delivery You Can Count On.** Sogeti's unique *Local Touch-Global Reach* model provides you with the most accessible communication and face-to-face accountability – while leveraging the collective knowledge and best practices of a global team with a 40-year history of delivering technology solutions.

From Start to Finish, Turn to Sogeti for These Exclusive Services

High Tech Consulting

No more trade-offs – we'll help you develop your high tech products quickly without sacrificing quality. Plus, our Product Lifecycle Management (PLM) allows you to easily track information throughout your entire product lifecycle, with the power to make real-time adjustments.

Managed Testing

With Sogeti managing your testing activities, you'll not only reduce your risk of software defects, you'll reduce your time-to-market. Our proven methodology, TMap (Test Management Approach)® helps uncover risks in the early stages – ensuring excellent quality before your release, decreasing costs and delivering measurable improvements to your bottom line.

Enterprise Solutions Consulting

From planning and preparation to detailed business requirements and process engineering, we'll help make sure your projects have a successful start and run smoothly – meeting your time and budget goals every step of the way.

Enterprise Microsoft Solutions

As one of only a select few Microsoft Global Alliance Partners, you can depend on our expertise. Our Microsoft expertise includes a broad range of solutions – all of which have been successfully delivered to manufacturers and retailers around the world.

IBM and Open Solutions

The alliance between Sogeti and IBM – one of only three IBM Globally Managed Alliances – brings you the best of both worlds. You'll be able to leverage industry-leading IBM tools and software, while capitalizing on Sogeti's best practices to maximize your ROI.
